

**CENTRAL IOWA CHRISTIAN HOME EDUCATORS**  
**2010-2011 Membership Registration Form**

*Website Form*

Our goal once again this year is to make CICHE supportive to you in your home schooling effort. Group membership allows you to enjoy the many benefits of CICHE such as: Website access, web loop e-mail, book clubs, coop classes, field trips, Lego League Competition, social and educational activities and 4-H.

Our fees directly support our activities, organizational costs, meeting locations and website. The group also serves as a source of information for area events pertaining to homeschooling. Group communication will be via e-mail and website posting ONLY. We encourage members to post all information via the CICHE web loop **CentralIowaHomeEducators@yahoogroups.com** (New members will receive an invitation e-mail which requires a response in order to send and receive e-mails). CICHE uses the e-mail loop for all formal group communication. Group information will also be posted on the website **www.ciche.org**. Those without internet access should make arrangements with another member that has access to keep abreast of activities and announcements.

When each member serves in some capacity, together we can provide a great support to everyone without over-burdening anyone. **Therefore, volunteering to serve on a committee after one year of participation is a requirement of membership.** We are once again looking forward to serving together this year and pray that we will glorify our Heavenly Father as we train and disciple our children.

*God's blessings to you all this year,  
CICHE Executive Committee*

**\*Parents names:** \_\_\_\_\_

**\*Birthdates:** \_\_\_\_\_

**\*Anniversary:** \_\_\_\_\_

**\*Address:** \_\_\_\_\_
